JUNIPER® systems

Perform Initial Tasks

1 Loosen the 4 captive screws on the battery door with a #1 Phillips screwdriver. Remove the door.
CAUTION: The handheld is not sealed when the door is removed.
2 Place the battery pack into the compartment. Be sure to line up the ✚ and ⬆ .
3 Replace the battery door and tighten the screws.
4 Plug the AC power charger into a wall socket and the DC jack on the handheld.
5 The handheld powers on and several screens appear. When the Time screen is shown make adjustments if needed and select OK.
6 Charge the battery pack at room temperature for 5 hours.

📖 **The operating system, manual and quick start guide is available in English, Spanish, French, German, and Brazilian Portuguese. Go to our website at www.junipersys.com/Archer-2/support.**
